VOLUNTARY CONTRIBUTION

KEEPING SCSS STATE OF THE ART – Voluntary Contribution

Springfield Central can boast architecturally designed buildings and learning spaces, state of the art digital, interactive technology and 100% connectivity. Stage A&B of construction provided 4 prep classrooms and fourteen general teaching areas, along with a responsive and digitally advanced Resource Hub. Every learning space houses the latest interactive technology and students will engage with digital devices wirelessly. A mini computer pod is shared between each double learning space and a lab of 30 computers located in our Resource Hub and robotics lab. The school also has a purpose built green screen wall. The school will also have a vast array of hard and software along with a whole school Robotics Program to support student learning and engagement.

Springfield Central has a replacement schedule that will enable hardware to be replaced as soon as it is out of warranty. Maintaining state of the art technology and continually purchasing new technologies will be a constant challenge for the school.

To help maintain our State of the Art status the school invites you to 'Voluntarily Contribute' \$75 per student or \$200 for families of three or more. Each student that contributes to this levy will receive a school branded product. One of the options is a branded, waterproof library satchel. Families who wish to not participate in the Voluntary Levy will need to provide a waterproof library bag to enable borrowing from the RLH.

Voluntary financial contributions are used by schools to provide an enhanced educational service and to enhance resources available for student learning, recreation and comfort.

Operating Statement

1. The costs of providing instruction, administration and facilities for the education of students at the school are met by the State Government for students enrolled at the school who are Australian citizens or permanent residents, or the children of Australian citizens or permanent residents.

3. Section 56 of the *Education (General Provisions) Act 2006* provides that the Principal may ask the parents of a student of the school to make a voluntary financial contribution to supplement government funding for instruction, administration and facilities for the education of the student at the school. If the student is an adult, the principal may ask the student to make a voluntary financial contribution.
4. Voluntary financial contributions are used by the school to provide an enhanced educational service and to enhance resources available for student learning, recreation and comfort.

6. A voluntary financial contribution is separate from a Student Resource Scheme that might operate in the school.
7. While the request to parents may indicate a nominated amount, the financial contribution to the school is voluntary, and there is no obligation on a parent to make all or part of the contribution.
8. To enable an informed decision to be made by the parent, the request for a voluntary contribution should indicate how the funds will be used by the school.

Where a parent decides not to make a voluntary financial contribution, instruction, administration and facilities for the education of the student at the school will continue to be provided by the school, and the student will suffer no educational detriment by way of school action as a result of the decision.
13. For any payment by cash, cheque or credit/debit card, a receipt will be issued.
