Have fun with this little experiment

Materials you will need:

- Oil
- Cork
- Coin
- Water
- Grape
- Honey
- Tall Clear Bottle

What to do:

1. Fill one third of the bottle with honey.
2. Fill the next third with oil.
3. Fill the last third with water.
4. Wait for all three liquids to settle.
5. Drop in the coin, grape and cork.

What happened? Take photos or draw some pictures! Write down what happened and why you think it happened?

Bring your photos/pictures in on Friday to share with your classmates.
