

## YEAR 5 OPT IN

<b>E1</b>	<b>E2</b>	<b>E3</b>
<b>M1</b>	<b>M2</b>	<b>M3</b>
<b>S1</b>	<b>S2</b>	<b>S3</b>

# M1

# How much space?

Select a room of your home and draw the lay out of the room. Measure the length and width of the room and label your diagram. Solve the area of the room so that if you decide to carpet or tile the are you will know how much you need.

Bring your diagram and measurements to class to share.
